Percentage: 88%

Bachelor in Software Engineering, National University of Modern Languages, Islamabad

February 2023 — February 2027

Current Semester: 5th

CGPA: 3.34

CERTIFICATES

Search Engine Optimization, INNOVESTA

February 2025 — March 2025

Certified in effective strategies and best practices for search engine optimization.

Cyber Security, INNOVESTA

February 2025 — March 2025

Trained in essential concepts of digital security, threat prevention, and safe computing practices.

COURSES & WORKSHOPS

Graphic Designing, DiggiSkills

August 2023 — December 2023

Gained expertise in digital illustration, layout design, and visual aesthetics.

Website Development, Youtube

January 2025 — Present

Completed HTML & CSS, currently learning JavaScript, and building full-stack skills through coding challenges.

INTERESTS

UI/UX Design

Inspired by my graphic design background.

Website Development

Currently honing my skills in full-stack development.

Future Aspirations

Focused on AI, Machine Learning, and Data Science.
